

Mukthi Stupi□

In April 2002, during her daily meditation, Swami told Amma to build a Stupi in Mukthi Nilayam. Swami gave the physical details for the construction of the Stupi.

Swami said,

This pillar must rest on a lotus base and have six sections denoting the six chakras of the Kundalini.

Swami also said that ***Amma's body is the pillar and her head is the Sahasrara Lotus***. He said, "The Sahasrara opens and the light that comes out of it will guide the world like the star. Swami further said, "Kamala Peetam is Goddess Mahalakshmi's asana (throne). You are Mahalakshmi. You are seated on the throne."

There should be a golden-colored lotus on top. This symbolizes the Sahasrara chakra. Above this should be a five-pointed gold star. Four points of the star indicate the four directions. You will take the people who come from the four directions upward (to spiritual attainment) as indicated by the fifth point of the star."

Swami told Amma, “Your body is the pillar. It must be built in front of your room; it will absorb your vibrations and these will be sent out to the world.”

The Stupi acts as a transmitter, spreading Amma’s feelings of Prema throughout the world.

The Mukthi pillar is destined to play a vital role in the upliftment and transformation of the world. A powerful radio beacon broadcasts vibrations in all directions. Though unseen, they surround us and affect every corner of our existence. Like this, the Mukthi Stupi is transmitting unseen positive healing waves of love that are destroying the evils in the heart of man, awakening the innate divinity and igniting the feelings of devotion and true love for God. This is *Vasanthamaya m*, the love of the Mother for creation, the divine love of Radha and Krishna, the love of Sai Shakthi.

The Sathya Sai Avatar is very unique in that He has come for the spiritual awakening, realization and liberation of the entire world. It is for this reason Amma wants to assure liberation for all *now*. The people of the world are her children. Amma wants her children to enjoy the bliss that is their true nature. She is pleading with Bhagavan for their sake as a concerned mother.

Mukthi Stupi is transmitting unseen positive healing waves of love that are destroying the evils in the heart of man, awakening the innate divinity and igniting the feelings of devotion and true love for God.

Once Amma asked Swami, “Shall we take earth up to Heaven, Vaikunta?” Swami said, “Earth cannot be taken to Vaikunta, but we can bring Vaikunta to earth.” It means that earth will change to Heaven. This change, this transformation is the Sathya Yuga, Golden Age. People will be transformed through spiritual awakening. They will become great souls of love and wisdom. The whole world will become Vaikunta, a heaven of total peace and bliss. There will be no trace of sorrow or fear.
